EDUCATION

MCMASTER UNIVERSITY

Hamilton, ON

Bachelor of Technology, Software Engineering Technology

September 2024 – Present

- Business Management Certificate (Mohawk College)
- Related Courses: Data Structures & Algorithms, Operating Systems, Software Architecture, Parallel Computing.

SENECA POLYTECHNIC

North York, ON

Advanced Diploma (With Honours), Computer Engineering Technology

September 2021 – April 2024

- President's Honour list: Summer 2022, Winter 2022, Fall 2023, Winter 2024.
- Related Courses: Advanced Programming Concepts, Cisco Internetworking I, Cyber Security.

PROFESSIONAL EXPERIENCE

ONTARIO LOTTERY AND GAMING CORPORATION (OLG)

Toronto, ON

Systems Engineering Intern

January 2026 – Present

- Developed automation tooling to validate deployments, configuration states, and service dependencies across lab and production environments.
- Integrated vendor systems via REST APIs to automate deployment checks, service interactions, and CI/CD workflow validation.
- Collaborated with testing, IT, and engineering teams to diagnose environment issues and maintain reliable release pipelines and system configurations.

ONTARIO MINISTRY OF TRANSPORTATION (MTO)

North York, ON

Software Engineering Associate

May 2025 – December 2025

- Developed automation tools and CI/CD pipeline components for Laboratory Information Management Systems (LIMS).
- Performed system-level QA testing and validation on Laboratory Information Management Systems (LIMS), ensuring data integrity, achieving a 98%+ test pass rate, and maintaining regulatory compliance (AODA, WCAG).
- Designed and deployed hardware safety solutions for lab health & safety, reducing potential incidents by ~35% and supporting occupational health standards.

KINECTRICS INC

Etobicoke, ON

Systems Automation Student

January 2023 – April 2023

- Enhanced IT infrastructure stability and security through regular updates, patches, and audits via Lansweeper and CrowdStrike, reducing security vulnerabilities by 30%.
- Developed a Windows PowerShell automation framework, accelerating testing processes by 30% and cutting manual testing time by 25%.
- Established IT policies and compliance procedures, reducing compliance issues by 10%, and maintained test scripts, improving software quality and reducing errors by 20%.

TECHNICAL LEADERSHIP & COMMUNITY ENGAGEMENT

MCMASTER OPEN SOURCE SOCIETY

Hamilton, ON

Founder & President

May 2025 – Present

- Founded and led McMaster's first student-run open source software club, fostering structured collaboration on real-world software development projects across multiple domains.
- Organized and hosted regular coding sessions, Git and GitHub workshops, and technical guest speaker events featuring industry professionals from software engineering and related fields.
- Established and actively managed the club's GitHub organization and project repositories to support coordinated member contributions, version control best practices, and portfolio-ready project development.

IEEE TORONTO SECTION

North York, ON

Student Branch President

August 2022 – April 2024

- Served as a representative of the student branch at parent organization conferences and events, networking and promoting the benefits of student branch membership with on campus events.
- Collaborated with other officers to plan and execute engaging technical webinars and activities aimed at promoting membership and engagement within the student branch.
- Maintained accurate records and documentation related to student branch activities and finances, ensuring compliance with organizational policies and regulations.

SKILLS

Python, PowerShell, Linux, C, C++, CI/CD, Configuration Management, Automation Scripting, System Testing, Cybersecurity, RTOS, Embedded Systems, Java, C#, Power BI, CCNA, Security+, CompTIA A+, AODA, WCAG
